11 July 2018

Postponed Governor and Teacher end of successful year celebration drinks.

Dear Parent/ Carer

You will have seen from this week's Parent Bulletin that we were planning to hold an evening event next Tuesday 17th July to celebrate the end of this very successful year and recent positive Ofsted outcome for the school.

Although there is so much to celebrate at this time, on further reflection, we have decided to postpone the event until September when we will have received the final, fully edited version of the Ofsted report which we are currently waiting for with great excitement.

A September event date will also let us celebrate our new exam results from this summer which we are confidently predicting will even surpass last year's great results.

I will send you a date for the September event as soon as I can, as I am very keen on as many staff, governors and families joining us as possible.

I genuinely hope that you can join us for this key event in the new academic year and be part of the terrific momentum Wapping High School is now generating moving forward.

Best wishes,

Gary Nelson  
Headteacher
