

19 February 2018

Dear Parent/Carer,

The Science Department is offering all students in Year 9 the opportunity to go to The Centre of the Cell pod on the 24 February.

This trip gives the chance for students to talk to real scientists, see scientists working in their labs and to explore the human body, animal and plant cells and the latest medical research. This will compliment their learning that we have already studied on cells and the engage them on our future topics of Genetics, Photosynthesis and The Human Body.

On the day students will be split into two groups. Students in 9.1 and 9.2 will be leaving school at 9:45am to arrive at the venue in time for the first session. Students in this session will return to school by 11:40am. Students in 9.3 will be leaving school at 11:15am to arrive in time for the second session and returning to school by 1:10pm in time for lunch. We will walk to the Centre of the Cell from Wapping High School. Please ensure your child has appropriate clothing (coat, umbrella etc.) in case of rain or bad weather.

Please complete the reply slip attached and return it to Miss Macmillan/Mr Dean as soon as possible.

Yours faithfully

Miss T Macmillan

---

### **Centre of the Cell Pod Trip**

I give permission for my child \_\_\_\_\_ to attend the Centre of the Cell pod on Friday 24 February.
