Dear Parent or Carer,

Re: Year 10 Parents' Evening: Thursday 6th December, 4:15pm - 6:30pm

We are writing to invite you to the forthcoming Year 10 Parents' Evening on Thursday 6th December. The evening will take place in school on the 5th floor between 4:15pm and 6:30pm.

This is an important event for your child and we hope that you will attend with your son or daughter as there will be the opportunity for you to discuss your child's progress with each individual subject teacher. The subject teacher will identify your child's areas of strength and areas for development and can provide ideas about how to support them at home with their GCSE studies. Individual appointments with subject staff will last approximately 5 minutes and every effort will be made to keep to time. If you require a further discussion, another appointment can be made with your child's subject teacher for a later date.

We are delighted to now be able to give you the opportunity to arrange your appointment times to see subject teachers online via the ParentMail App. Please log on and book your appointments now as slots are now open. For the limited number of parents who do not have access to ParentMail you can request appointments over the phone by contacting Jan Brown in the school office.

To confirm you are able to attend your child's Year 10 Parents' Evening, please can you complete the reply slip below and ensure your child returns it to the **Student Reception by Friday, 23rd November** to indicate your attendance. If you are unable to attend on this date, please contact your child's Tutor or Head of House.

Enclosed with this letter is a booklist with recommended revision books. The school has managed to negotiate a favourable price and will place a bulk order on Friday 30th November. If you wish to take advantage of this offer, we recommend that you login to Parentmail to select and pay for the revision guides your child will need.

We very much look forward to seeing you on Thursday 6th December 2018.

Yours faithfully,

Tiffany Ingram
