

30th March 2020

Dear Parents/ Carers,

We all hope that your families are well and safe at home.

As you know, during the school's closure students can access their work via Google Classroom which is an excellent online Google learning app that students will be already very familiar with.

Invites to all Google Classrooms have been sent out by teachers and if your child is not already a member of their teacher's Classroom, then all they need to do is access their school email and click on the link the teacher has sent them.

If your child can't find the link, then the Classroom can be accessed by using the unique codes in the tables on the following pages.

To join a Google Classroom, your child will need to:

1. Login to Google Classroom
2. Click the plus + icon in the top right hand corner of the screen
3. Click 'join' and type the Classroom code

Teachers are regularly uploading work and resources to Google Classrooms in order for students to continue with their learning.

Teachers have also been asked to allow you access to your child's Google Classrooms so you can support the school by monitoring your child's progress as well.

If you have any questions or queries regarding this, then please do not hesitate to contact me.

Kind regards,

Hayley Charman
Head of House.
