Having access to the latest technology when and where they need it gives students the very best chance of success in and beyond the classroom. But, for parents, making that investment can be a struggle and the equipment they choose may not always be in line with the schools existing systems and infrastructure.

The Equipment On Offer

The Programme is geared towards Google Chromebook Devices because Google Apps for Education are free and Google can be used on any type of device.

Our preferred device is the Acer Chromebook C733 which comes with a ruggedized body, warranty in case of any technical problems, as well as insurance for accidental damage and theft.

How Technology Supports Students' Learning

Independent academic research undertaken in Scotland during 2013 by the University of Hull found that:

- The ownership of a personal mobile device facilitates many of the pedagogical aspirations set out in Scotland's Curriculum for Excellence framework.
- The adoption of personal mobile technologies significantly increases access to technology for students, which brings many benefits for learning which include greater motivation, engagement, parental involvement, and understanding of complex ideas.

How The Device Is Funded

Parents enter into fixed monthly payments based on the term and type of device, with the added benefits:

- Spread payment with no personal credit check
- Saving up to 20% vs the high street like for like comparison
- Fully warrantied for internal failure
- Fully covered for accidental damage and theft (ADT)
- The device becomes yours at the end at no extra cost

FAQs

How long can I spread the payments over?

12, 24 or 36 months depending on how long your child has left at the school.

What happens at the end of the agreement?

On your final payment the device becomes yours.

Will there be any credit checks?

No everyone is approved and there aren't any credit checks.

What is the excess on the insurance policy?

There is no excess on the either the insurance or warranty and you will receive the policy details with your device.

How do I make an insurance or warranty claim?

You will be provided with a policy and claims document detailing how to make a warranty or insurance claim.

Can they use the device at home?

Yes the student can use the device to further enhance their learning and we recommend that you set you security setting on your Wi-Fi accordingly.

How many devices can I order?

One per student at the school.

When will I receive the device?

The ordering window will open on the 1st June 2021 and orders need to be placed by 11th July 2021. Your first direct debit will be collected on 25th July 2021. Devices will be delivered to the school and will be handed out at start of term.

What happens if I miss a payment or can no longer afford the device?

You will have to return the device; you will not own the device until the final payment is made.

What happens if I cannot afford to join the scheme?

The school will have a number of devices that can be borrowed to use in lesson time, these devices will be kept in the school and given out when the learning requires. Students will not be able to take these devices home.

Can I bring my own device that I have already purchased?

Yes, but you do so at your own risk.

What if I my child leaves the school?

You must return the device to the school or alternatively pay the outstanding payments to take ownership of the device.
