Dear Parents and Guardians

Re: Target Setting Event

I hope that this finds you, your friends and family well during these exceptional times.

I am writing to update you with the details of your child's Target Setting Event which will be held on Wednesday the 23rd of September.

We are delighted to be hosting our annual Target Setting event where we aim to connect you with your child's form tutor and discuss your child's reintegration back into school after the school closure period. We will also be using this appointment as a forum for your child to discuss their interests and passions which we will use to help set their academic targets for the year ahead.

With safety and social distancing in mind, we have made the decision that this year's Target Setting event will be held via a telephone conversation rather than on the school site. Please expect a call from the school between 2.00pm and 5.00pm on the 23rd of September. The conversation should last no more than 10 minutes and we ask that both you and your child are available for the call.

If the date or time frame is inconvenient to you, please use the contact details below to make an alternative appointment.
