

18th December 2020

Dear Parents and Carers,

I would like to warmly welcome you to our first termly pastoral update at Wapping High School. Let me start off by saying that I do hope your child enjoys their Winter Break - it has certainly been an unusual academic year so far but overall I am very pleased to report it has been a successful term for students.

We have been really proud of how Year 10s have adapted to their new bubble settings. It is certainly not the easiest transition, however we have found that students have been focussed and keen to engage with their learning. We are so pleased to have them back in school!

### **Celebrating Success**

We have a real passion for celebrating success at Wapping High and I am delighted to report that Year 10 have achieved over 9000 Epraise House Points so far! We will also have the pleasure of celebrating Subject Awards, where many students will be receiving certificates for their continued effort and hard-work across the curriculum. I know that many students will have also had positive feedback through postcards and phone calls home.

### **Epraise**

We continue to work with our rewards and sanction system Epraise. We would love for all of our parents to be connected to this system to see the brilliant updates on their childrens' attitude to learning. If you have yet to sign up to Epraise simply go to <https://www.epraise.co.uk/index.php?view=schools> (your first login should be from a computer), select Wapping High School, then Parent and log in with the email address that you have provided to the school. You can then download the App for Android or Apple!

### **Coaching**

We are delighted to have launched our Year 10 coaching programme this year, where students meet in groups of 4-5 with their coach on a fortnightly basis and discuss their academic and wellbeing goals. The idea here is to support their ownership over their learning and develop their personal drive towards success. Some students also continue to work with Learning Mentors on a one to one basis to support their learning and choices.

## **Contact**

If you would like any further updates from your child's tutor then please see the following email addresses:
