

07th June 2022

Dear Parent or Carer,

Re: End of Year Assessments

I hope that this letter finds you and your family well.

We are pleased to be writing to you today to inform you of the plans for your child's end of year assessments.

As we move into our final half term of the academic year we begin the process of assessing the progress made by each student throughout the year and using this important information to plan ahead for the following year. In order to gain accurate data your child will be completing a series of end of year assessments in the subjects that they study.

Your child will be collecting key information about each assessment from their teachers including dates, topic lists and revision resources so that they can prepare themselves to be successful. Each assessment will take place within the normal timetable so that curriculum time is not lost and the format will vary depending on the subject.

We understand that this can be a stressful time for young people and we encourage all students to speak with their teachers, tutors or coach if they have any concerns.

We look forward to sharing the outcome of the assessments with you later in the half term in your child's end of year report. Should you have any questions at all about the assessment process or the use of data, please don't hesitate to get in contact.

Best wishes

Jonathan Palmer
Assistant Head Teacher
Wapping High School
